ADAM ELMACHI  
C/O 2026 DUNDALK HIGH  
NETWORKING & CYBERSECURITY

"I wanted to come to Sollers Point because I liked the idea of having half my classes be specialized to something I am interested in and the other half be regular high school classes. I enjoy learning new skills to help me in the future when I am out of high school."

I plan to apply for the NSA's internship next year so that I can get real world experience. I want to stand out in the workforce because it can be competitive.

I run cross country and field and track. It is important to have good school/sport/life balance. I make sure to give class time my full attention and dedicate myself that way I am time outside of class to socialize and play sports.

"Spend your class time wisely, you only have a limited amount of class time in your program and it is crucial for you to pay attention."
